Release Date: 2008/10/10

AVerTV BoxW7 Lite (M097)

*Box in Black –Support resolution up to 1920*1200*

AVerTV BoxW7 Lite provides infinite TV enjoyment and high-definition (1920x1200, WUXGA) quality on wide LCD screen to users. Transparent PIP supports resolution up to 1920x1200 60Hz as well, allowing users to watch a TV channel and do other computer tasks simultaneously. The great feature of "Video Pause" enables users to catch crucial information, such as Lottery numbers and recipe, at the right moment on the screen. Its eye-catching POP style graphic design hence the uniqueness and class of the AVerTV BoxW7 Lite. It will forever change the stereotyped perceptions of TV box.

Functions of 13-channel preview, color/edge enhancement, cutting- edge progressive scan technology and 3D-motion adaptive de-interlace give users sharper images and better picture quality than ever before.
